STUDENT NAME

The BSU catalog states:
Satisfactory completion of all requirements for a bachelor’s degree must be under a catalog in effect within eight years of the date of graduation. The catalog used, however, may be no earlier than the catalog in effect at the time of matriculation or, in the case of a change of major, concentration or minor, no earlier than the catalog in effect when the major, concentration or minor was formally declared. (Note: This policy does not apply to students enrolled in programs governed by state and/or federal regulations where current academic requirements may need to be met. Students should check with their departments where applicable.)

Having read the above policy, I wish to change the catalog for my program requirements.
