Social Work Student Community Advocacy - Homelessness among College Students

The Burnell Auditorium was buzzing with the educational and advocacy activities of social work practice class SCWK432, under the leadership of Kathy Bailey on 5/16/15. The event, R.E.A.C.H. Day – Raising Education and Awareness for College Homelessness – was held in the Burnell Atrium.

As of this year it was reported by the financial Aid Office at BSU that there are 21 students on the campus that are homeless.

All donations and proceeds collected were donated to School on Wheels of Massachusetts and the BSU Food Pantry.
